

USB-C Cable (P004)

2-meter braided fast charging cable.

Power up your devices quickly and reliably with our high-speed USB-C Cable. Featuring a durable nylon braided exterior, this cable is built to resist tangling and withstand daily wear and tear better than standard cables.

It supports fast charging protocols to get your devices back to 100% in no time, as well as high-speed data transfer for syncing photos and files. The reinforced connectors are tested to withstand thousands of bends, ensuring a long-lasting connection you can trust. At 2 meters long, it provides plenty of reach for comfortable use while charging.

Specifications
