

## Wireless Mouse (P007)

*Ergonomic wireless mouse with USB receiver.*

Enhance your productivity with our Ergonomic Wireless Mouse. Designed to fit comfortably in your hand, it reduces strain during long hours of use. The reliable 2.4GHz wireless connection ensures a lag-free experience with a range of up to 10 meters.

This mouse features precise optical tracking for smooth cursor control on various surfaces. It comes with a nano USB receiver that can be stored inside the mouse when not in use. The energy-efficient design allows for months of usage on a single AA battery.
